NATIONAL TRAIL

Get up close to the Humber Bridge

The Yorkshire Wolds Way offers a unique, close-up view of the impressive Humber Bridge as it passes underneath the bridge along the Humber foreshore.

Start from either the Humber Bridge Viewing Area Car Park, or on the foreshore at the Black Mill Car Park.

1. If starting from the Humber Bridge Viewing Area, head south from the car park towards the woods. From here you can follow the signs down through the Country Park to the Foreshore and enjoy walking along the Yorkshire Wolds Way underneath the bridge.

You can also follow the signs for the Humber Bridge and follow the steps up onto the bridge. From here you can walk as far as you like along the bridge to appreciate the outstanding views across the Humber Estuary.

2. If starting from the Black Sail Car Park then you can walk immediately along the Yorkshire Wolds Way on the foreshore and under the Humber Bridge. You can also follow the signs immediately from the car park that take you into the country park and up the steps to gain access onto the Humber Bridge itself.
